

WEBSITE DEVELOPMENT PROJECT

GRM WOMENS WEAR'S • E-COMMERCE PLATFORM

Elegant • Stylish • You

Project Overview

A full-featured online store for GRM Womens Wear — maternity & women's fashion

The GRM Womens Wear website is a complete e-commerce platform designed to showcase and sell the brand's maternity and women's clothing collections. It brings the brand's elegant, gold-and-crimson identity into a modern, easy-to-shop online experience.

A glimpse of the GRM Womens Wear storefront — curated collections, offers and shoppable banners

Home Page

First impression — hero banner, navigation & new arrivals

Sticky header with search, category menu, wishlist, cart and WhatsApp support widget

Shop & Category Pages

Sidebar filters, curated grids and promotional banners

Left: category navigation with product finder — Right: promotional collection banners

Product Listing & Discounts

Clear pricing, badges and easy sorting/filtering

Discount badges, strikethrough pricing and quick-view icons on every product card

Discounted Products Page

Dedicated sale page with price range and category filters

Shoppers can filter by product type, price range, category and brand

Product Detail Page

Sizes, quantity, pricing and recommendations

Size selector, live total price, stock-request action and "You May Also Like" recommendations

Brand Palette & Typography

Consistent identity carried across every page

Crimson Pink #BB024B	Royal Gold #E6B246	Deep Wine #2A0714	Pure White #FFFFFF

TYPOGRAPHY

Headings — Serif / Script accents (as in logo) Body — Calibri / Sans-serif for readability
